What the Pencil Writes

Often when I go out I
put in my coat pocket

some paper and a pen-
cil in case I want to

write something down
well there they are

wherever I go and as
my coat moves the pen-

cil writes by itself
a kind of gibberish

hieroglyphic which I
often think as I un-

dress at night and take
out those papers with

nothing written on
them but strange &

meaningless marks is
the story of my life.
